Please check the statement carefully. If you realise or suspect that there have been errors or unauthorised transactions, that anyone else knows any of your Codes, or that any of your devices have been lost, stolen, or used without your permission, call us straight away on 133 464. If you don't notify us of this immediately you may be liable for any unauthorised transactions that occur on your account. As a reminder:

Be security aware:

1. Do not share or be careless with your Codes (Access Code, PIN, any passcode or secret code). In some specific circumstances our Customer Care Specialists may request a one-time passcode (as reflected in your Terms and Conditions).
2. Where you choose a Code make sure it's difficult to guess and not associated with, for example, your date of birth, Client Number, or name, or consist of repeated, ascending or descending characters.
3. Don't let anyone else use your card. If you have a virtual card installed on a device, do not install another person's biometric identifiers on that device or share your device access code.
4. If you record your Code, store it in a safe place that is password protected, separate from your Client Number or any device you use to transact on the account.
5. ING will never send you an email asking you to click on a link to access online banking or to input or provide your Codes, so always stay vigilant about scams.

We can cancel any access method associated with a Code at any time without notice if we believe it is being used in a way that can cause loss to you or us. You may be liable for unauthorised transactions that arise where you have failed to meet the passcode security requirements set out in the Orange One Terms and Conditions, or where you

contribute to such transactions through fraud, or where you act with extreme carelessness (for example, where you leave your card in an ATM).

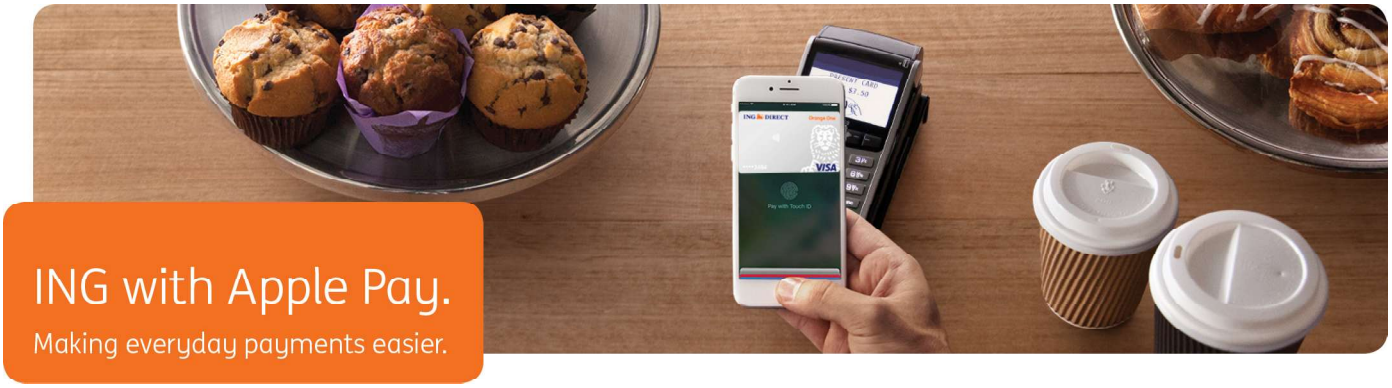

Note that this summary does not set out all the circumstances in which you may be liable for unauthorised electronic transactions. Your liability for unauthorised electronic transactions will be determined under the ePayments Code (as reflected in the Orange One Terms and Conditions).
