Managing your payments (estimate only)

Minimum Payment Warning: If you make only the minimum payment each month, you will pay more interest and it will take you longer to pay off your balance. For example:

If you make no additional charges using this card and each month you pay ...	You will pay off the Closing Balance shown on this statement in about ...	And you will end up paying an estimated total interest charges of ...
Only the minimum payment	08 Years 09 Months	$1,985.30
$258.14	2 years	*$378.87 (a saving of $1,606.43)

Latitude encourages you to regularly review whether your credit card is still right for you. To avoid late fees, you must pay the amount of the Minimum monthly payment by the Due date. If you are having difficulty making payments, please contact us.
*Payment of balances is generally over two years however can be shorter if you have Payment plans with less than 24 months remaining. Please review this table alongside your **Interest free plan** summary below to make the best use of your interest free periods. For additional information view FAQs on our website.
